*Eastern District of Pennsylvania, to wit :*

..... BE IT REMEMBERED, That on the first day of July,  
: SEAL. : in the fiftieth year of the Independence of the United States of  
..... America, A.D. 1826, JAMES WEBSTER, of the said District, hath  
deposited in this Office the title of a Book, the right whereof he claims  
as proprietor, in the words following, to wit :

"The Medical Recorder of Original Papers and Intelligence in Medicine  
and Surgery. Conducted by Samuel Colhoun, M. D. Member of the Ame-  
rican Philosophical Society, Corresponding Member of the Medical Society  
of London, &c. assisted by an Association of Physicians in Philadelphia,  
New-York, Baltimore, and Norfolk. Nullius addictus jurare in verba ma-  
gistri.—Hon. Vol. X."

In conformity to the act of the Congress of the United States, entitled  
"An act for the encouragement of learning, by securing the copies of maps,  
charts, and books, to the authors and proprietors of such copies during the  
times therein mentioned." And also to the act, entitled "An act supple-  
mentary to an act entitled 'An act for the encouragement of learning, by  
securing the copies of maps, charts, and books, to the authors and proprie-  
tors of such copies during the times therein mentioned,' and extending the  
benefits thereof to the arts of designing, engraving, and etching historical  
and other prints."

D. CALDWELL,  
*Clerk of the Eastern District of Pennsylvania.*

809 Feb. 10, 1933

## CONTENTS OF VOL. X.

### NO. XXXV.

	Page
ART. I. On Gout and Rheumatism. By M. Page, M. D. of Richmond, Virginia. This Essay obtained a premium of a silver cup, of the value of <i>one hundred dollars</i> .	1
II. On the Causes, Symptoms, Morbid Anatomy, and Treatment of some of the principal Diseases of the Southern States. By Samuel A. Cartwright, M. D. of Natchez. (Continued from page 269, last number.) Essay III. Pneumonia Biliosa.	41
III. The Surgical Anatomy of parts concerned in the operation for tying the Arteria Innominata, illustrated by Transverse Sections. By Horatio G. Jameson, M. D.	83
On the advantages of Transverse Sections,	ib.
Of the external boundaries for locating the Arteria Innominata,	85
General view by Transverse Section at the root of the Neck,	87
Of the Cervical Base,	88
View of the several Nerves and Blood Vessels within the area of the Cervical Base,	89
View of the important parts within the Cervical Base continued,	90
View of the parts within the Cervical Base by Dissection,	91
View of the parts within the Recesses, and of the Pleura,	93
View of the parts connected with the Arteria Innominata and anomalies in its Branches,	95
Of the Converging of the Nerves in passing from the Neck to the Projecture, and of the Subclavian Arteries within the Thorax,	98
View of the parts within the Cervical Base on the left side,	99
View of the upper part of the Thorax by Transverse Section, &c.	102
View of the upper part of the Thorax continued. The Pleura more particularly,	103
View of the Mediastinum in particular, with some remarks upon the Pericardium,	104
View of the Pericardium: Artery branching within it: Chelsden doubts of anomalous Vessels,	107
Surgery connected with the Arteria Innominata: apprehensions of danger to the Brain examined, &c.	108
What may give occasion for the Operation,	120
IV. Transactions of the Medical Society of Virginia,	121
Constitution of the Medical Society of Virginia,	ib.
No. 1. Dissertation on Chronic Peritonitis. By Dr. John Dove,	126
No. 2. Thoughts on Puerperal Convulsions, and the efficacy of Ergot in their treatment, elucidated by Cases. By George Cabell, M. D.	137
V. Case of Gun-shot Wound in the Brain, which recovered in a remarkable manner. By J. Morrin,	151
VI. Pathology and Treatment of Cholera Infantum. By Samuel A. Cartwright, M. D. of Natchez. This Essay obtained a premium of a Gold Medal of the value of <i>one hundred dollars</i> ,	163

## REVIEWS.

	Page
ART. VII. Doubts concerning Hydrophobia, as a Specific Disease, communicated by the bite of a dog, &c. By Robert White, Surgeon, Brighton, - - - - -	177
VIII. The Lectures of Sir Astley Cooper, Bart F. R. S. Surgeon to the King, &c. &c. on the Principles and Practice of Surgery, with additional Notes and Cases. By Frederick Tyrrel, Esq. Surgeon to the St. Thomas' Hospital, &c. Vols. I and II. Continued from page 347, last number, - - - - -	187

## REVIEWS OF AMERICAN MEDICAL JOURNALS.

IX. The New York Medical and Physical Journal, for January, February, and March, Vol. V. No. 1, 1826, - - - - -	193
X. The New England Journal of Medicine and Surgery, No. II. Vol. XV. for April, 1826, - - - - -	194
XI. The North American Medical and Surgical Journal for April, 1826, No. II. - - - - -	195

## ANALYSIS OF FOREIGN JOURNALS.

XII. Dr. H. A. Goeden's Practical Observations from Hufeland's Prat. Heilkunde, - - - - -	197
1. Tincture of Iodine, - - - - -	ib.
2. Two Cases of Fluor Albus Acris, or Malignus, - - - - -	198
3. A peculiar species of Cephalagia, - - - - -	200
XIII. The London Medical and Physical Journal, for January, - - - - -	201
XIV. do. do. do. February, - - - - -	203
XV. do. do. do. March, - - - - -	208

## ANALECTA.

I. Accidental employment of Iodine as a remedy for Goitre, - - - - -	209
II. Cure of a Deaf and Dumb Child, - - - - -	ib.
III. Singular Case of Disease of the fifth pair of Nerves, - - - - -	210
IV. Application of forcible injections for dilating Strictures of the Urethra, - - - - -	211
V. Treatment of Tænia by Croton Oil, - - - - -	ib.
VI. Treatment of Poisoned Wounds by the application of Cupping Glasses, - - - - -	ib.
VII. Dr. Morris's Case of Stone in the Bladder, with a new Method of relieving the sufferings occasioned by that complaint, - - - - -	212
VIII. Letter from Dr. Ballingall to Dr. Duncan, jun., communicating a case of Hernia Infantilis, - - - - -	213
IX. Crusta Serpiginosa Infantum, (scabies) - - - - -	214
X. Employment of Extract of Belladonna in cases of extreme sensibility of the Eyes, - - - - -	ib.

## MEDICAL INTELLIGENCE.

I. Dr. Emmons on Calomel in Ophthalmia, - - - - -	216
II. Dr. Worthington on Bubonocele, - - - - -	ib.
III. Dr. Brown on Purpura Hæmorrhagica, - - - - -	ib.
IV. Medical College of Ohio.—Dr. Hosack's Address, - - - - -	ib.
V. Griffitt's Adhesive Plaster, - - - - -	ib.
VI. Medical and Chirurgical Faculty of Maryland, - - - - -	ib.
VII. Medical Society of Massachusetts, - - - - -	217
VIII. Medical Society of New Hampshire, - - - - -	ib.
IX. Medical Society of New Jersey, - - - - -	ib.

	Page
Ant.X. Bowdoin College, Maine, - - - - -	219
XI. Berkshire Medical Institution, - - - - -	ib.
XII. Medical Institution of Harvard University, - - - - -	ib.
XIII. Yale College, - - - - -	ib.
XIV. University of Vermont, - - - - -	220
XV. University of New York, - - - - -	220
XVI. University of Pennsylvania, - - - - -	ib.
XVII. Jefferson College, - - - - -	222
XVIII. University of Maryland, - - - - -	ib.
XIX. Columbian College, D. C. - - - - -	223
XX. Charleston Medical College, - - - - -	ib.
XXI. Transylvania University, - - - - -	ib.
XXII. Medical College of Ohio, - - - - -	224

NO. XXXVI.

Ant. I. Pathology and Treatment of Cholera Infantum. By Samuel A. Cartwright, M. D. of Natchez. Continued from p. 176, last Number. This Essay obtained a gold medal, of the value of one hundred dollars, given by the Medical and Chirurgical Faculty of Maryland, - - - - -	225
II. An Essay on Diseases of Liver. By John R. Lucas, Mooresville, Alabama, - - - - -	239
General Plan of Cure, - - - - -	256
III. On Ovarian Disease. By Dr. W. G. Reynolds, of New-York, - - - - -	262
IV. Transactions of the Medical Society of Virginia. Continued from p. 151, - - - - -	269
No. 3. An Essay on the Qualifications and Duties of a Physician. By William Tazewell. Read, August 18, 1821, - - - - -	ib.
No. 4. Treatise on the Temperaments. By Dr. James Worrell, - - - - -	282
No. 5. A Case of Hepatitis. By Dr. William D. Price. Read, October 20, 1821, - - - - -	288
V. The Surgical Anatomy of the parts concerned in the operation of tying the Arteria Innominata, illustrated by transverse sections. By Horatio G. Jameson, M. D., &c. Continued from page 120, - - - - -	291
Danger of mistaking Aortic Aneurism for Subclavian, - - - - -	ib.
Disease which resembles Aneurism at the root of the Neck, - - - - -	294
Dr. Jones' Opinion as to the Advantage of Dividing the Inner Coats of Arteries, examined, - - - - -	295
Dr. Jones' Opinion continued, and his Views relating to the production of Coagulable Lymph, examined, - - - - -	296
Mr. Burns' Views of Dr. Jones' Opinion respecting a Coagulum, - - - - -	298
Of the danger of producing the Suppurative Process by rough Ligatures, - - - - -	302
Of the risk of producing the Suppurative Process by Ligatures, - - - - -	ib.
Secondary Hemorrhage, owing to hard, cutting Ligatures, - - - - -	305
Inflammation may be prolonged by hard Ligatures, - - - - -	307
Irritating Property of common Ligatures generally acknowledged, - - - - -	308
Proposal of temporary Ligatures examined, - - - - -	ib.
Medical Surgery connected with tying the Arteria Innominata, - - - - -	309
VI. Case of Prolapsus Ani in which the Gut was extirpated. By J. W. Brite, M. D., New-Castle, Kentucky, - - - - -	311
VII. Observations and Facts on the use of Tobacco in Tetanus, &c. By Dr. S. Jackson, of Northumberland, Pennsylvania, - - - - -	315

	Page
<b>ART. VIII.</b> Case of Emphysema. By Dr. Robert Archer, Surgeon of the U. S. Army, at Fortress Monroe, Va. . . . .	321
<b>IX.</b> Description of an improved Instrument for extracting Poison from the Stomach, with some Statements tending to establish the validity of Dr. Physick's title to the credit of having invented the Stomach Tube; (with a plate.) By Caleb B. Matthews, M. D. . . . .	322

## REVIEWS.

<b>X.</b> The Lectures of Sir Astley Cooper, Bart. F. R. S. Surgeon to the King, &c. &c. on the Principles and Practice of Surgery, with additional Notes and Cases. By Frederick Tyrrel, Esq. Surgeon to St. Thomas' Hospital, &c. Continued from page 192, last number, (with two plates,) . . . . .	330
<b>XI.</b> Illustrations of Acoustic Surgery. By Thomas Buchanan, M. D. Licentiate of the University of Glasgow, &c. &c. Surgeon to the Hull Dispensary for the Eye and Ear, and Author of the Guide to Acoustic Surgery. London, 1825 . . . . .	360
<b>XII.</b> Observations on Acute Rheumatism, and its Metastasis to the Heart, &c. By Thomas Cox, M. D., Fellow of the Medical Society of London, Member of the Royal Medical Society of Edinburgh, and Honorary Member of the Physical Society of Guy's Hospital, . . . . .	377
<b>XIII.</b> Observations on the Cholera Morbus, of India. A Letter addressed to the Honourable the Court of Directors of the East India Company. By Whitelaw Ainslie, M. D., M. R. A. S., late of the Medical Staff of Southern India, . . . . .	380

## ANALYSIS OF AMERICAN MEDICAL JOURNALS.

<b>I.</b> The North American Medical and Surgical Journal, . . . . .	385
<b>II.</b> The New York Medical and Physical Journal for April, May, and June, 1826, . . . . .	ib.
<b>III.</b> The Philadelphia Journal, No. 5, May, 1826, . . . . .	387
<b>IV.</b> The New England Journal, No. 3, for July, 1826, . . . . .	388

## ANALYSIS OF FOREIGN JOURNALS.

<b>V.</b> The Edinburgh Medical and Surgical Journal for January 1, 1826, . . . . .	389
<b>VI.</b> The London Medical and Physical Journal for March, 1826. Continued from page 208, . . . . .	392
<b>VII.</b> do. do. do. for April, 1826, . . . . .	395
<b>VIII.</b> The London Medical Repository and Review, January, 1826, . . . . .	397
<b>IX.</b> do. do. do. February 1, do. . . . .	398
<b>X.</b> do. do. do. March, do. . . . .	ib.
<b>XI.</b> do. do. do. April 1, do. . . . .	400
<b>XII.</b> do. do. do. May, do. . . . .	ib.
<b>XIII.</b> Notices from the German Medical Literature, communicated by Dr. G. Von Dem Busch, of Bremen; member of the Medical Societies of Philadelphia and Stockholm, . . . . .	401

## ANALECTA.

<b>1.</b> Conclusion of Dr. Oppenheim's Observations on the state of Medicine in Italy, . . . . .	403
<b>2.</b> Observations on Cataract, . . . . .	409
<b>3.</b> Improvement in Gaumennath Operation, or Staphyloraphy, . . . . .	412
<b>4.</b> Case of Wound in the Lungs, . . . . .	413

# CONTENTS

437

	Page
5. Disease of the Stomach, - - - - -	414
6. Experiments on the Secretion of Bile, - - - - -	416
7. Extirpation of the Alveolar Arches, - - - - -	417
8. Analogy of Cerebral Irritation and Worm Fever in Children, - - - - -	418
9. Extirpation of the Parotid Gland, - - - - -	420
10. Powers of Lunar Caustic in arresting Inflammation, - - - - -	422
11. Rupture of the Uterus in Early Pregnancy, - - - - -	423
12. Extra-Uterine Fœtus removed with success, - - - - -	ib.
13. Sudden and Mysterious Death, - - - - -	424
14. Idiopathic Palpitation, - - - - -	ib.
15. Poisoning by Tartar-emetic, - - - - -	425
16. Antiphlogistic treatment of Cancer, - - - - -	ib.

## MEDICAL INTELLIGENCE.

1. Report of the Prize Question concerning the Yellow Fever, given by the Duke of Oldenburg, - - - - -	426
2. Notice of Dr. Cartwright's Essays, - - - - -	427
3. Dr. Hulse on Sea Sickness, - - - - -	ib.
4. Letter from Dr. Smith to Dr. Webster, - - - - -	ib.
5. Pittsburg Medical Society, - - - - -	428
6. Medical Prize Questions, - - - - -	ib.
7. Dr. Lobstein on the Eye, - - - - -	429
8. Dr. McDowal on Extirpating the Ovaria, - - - - -	ib.
9. Professor's Silliman's Journal, - - - - -	ib.
